

Tequipment's SMART Centric Classroom

Experience first hand the SMART-Centric classroom where multiple technologies work in concert to support and monitor student learning. Learn how the SMART Board interactive whiteboard is used to create motivational lessons and activities; how it seamlessly integrates with other educational technologies to actively engage your students; how new collaborative web-based software allows the whole world into your classroom and promotes excitement for learning. You will have the opportunity to learn about new products, software, and resources available to enhance and support your current educational content.

SMART Centric Event

Wednesday, February 24th from 12pm-1pm
PS 112: Dutch Kills
25-05 37th Ave., Queens, NY
The event is free, but space is limited. Limit of two representatives per school.
Lunch will be provided.

It's all about learning.

685ix: The 685ix is one of the world's first integrated systems to combine an ultra-short-throw projector and a wide-screen interactive whiteboard. It virtually eliminates shadows and glare.

SMART Classroom Suite: Create, organize, manage and assess with our integrated software suite, which includes Notebook, SMART Notebook SE, SMART Sync and SMART Response CE.

SMART Response interactive response system: Obtain quick insight into learning, track student performance, and organize assessment results in the built-in gradebook.
